Profile Summary

Computer Science graduate (Magna Cum Laude, CGPA 3.77/4.00) from North South University, with a research focus on quantum information and secure communication. First author of an accepted manuscript in *APL Quantum* on a hybrid quantum key distribution protocol, achieving a 43.67% improvement in key-generation rate over the baseline. Hands-on experience in Qiskit-based circuit simulation on IBM Quantum Runtime hardware, complemented by applied database systems experience through an industry internship and university-level teaching. Seeking graduate study opportunities in quantum cryptography, quantum key distribution, and quantum computing.

Research Interests

- Quantum Computing
- Quantum Cryptography
- Quantum Key Distribution
- Quantum Communication

Education

North South University (NSU)

B.Sc. in Computer Science and Engineering
Distinction: Magna Cum Laude
CGPA: 3.77/4.00 ($\approx$ 94% marks)

Jan 2022 – Sep 2025

Dhaka, Bangladesh

Research Experience

Undergraduate Research – North South University (NSU)

Spring 2025

- Designed an incrementally-biased Ry-based selection schedule for a hybrid GHZ-BB84 QKD architecture, achieving a 43.67% improvement in key-generation rate over a fixed 50/50 baseline, under the supervision of **Dr. Mahdy Rahman Chowdhury**.
- Result published as first-author manuscript in *APL Quantum* (AIP Publishing).

Independent Research – Mahdy Research Academy

August 2024 – Dec 2024

- Completed the thesis phase of an intensive private research program in Quantum Computing & Information, as part of a 2-member research team under the supervision of **Dr. Mahdy Rahman Chowdhury**.
- Authored a complete manuscript draft (submitted as “Accelerating Noisy Quantum Circuit Simulation via Unitary Precomputation”) and a research poster summarizing the findings.

Peer-Reviewed Journal Publications

- Joy Kumar Ghosh**, Arman Sykot, Most Atyea Sanjeeda Ema, Mahdy Rahman Chowdhury. “Enhanced Selection Schedule for Combined Quantum Key Distribution Protocol.” *APL Quantum*, 3(3), 2026. DOI: [10.1063/5.0318676](https://doi.org/10.1063/5.0318676)

Teaching Experience

CSE Lab Instructor – North South University (NSU)

June 2026 – Present

- Teaching 3 lab sections across 2 courses, $\sim$ 120 student's total:
 - CSE225L** (Data Structures & Algorithms Lab) – 2 Sections
 - CSE311L** (Database Management System Lab) – 1 Section
- Delivering hands-on instruction in MySQL/MariaDB (XAMPP, phpMyAdmin) and core data structures in C++ (arrays, linked lists, stacks, queues, trees, graphs).
- Authored CSE311L lab manuals featuring problem-first scenarios.

Dhaka, Bangladesh

Industry Experience

Oracle APEX Web Application Developer – Intern
MySoft Limited

(4 Months) Aug 2025 – Nov 2025
Dhaka, Bangladesh

- Developed Outpatient Appointment System using APEX, and PL/SQL. [[Live Demo](#)]
- Participated in SRS Meetings with Client.
- Part of Undergraduate Program under the supervision of **Dr. Abu Sayed Md. Latiful Hoque**.

Selected Projects

1. **Undergraduate CSE445 (Machine Learning) Course Project:** A thorough examination of Dhaka City's weather data in Bangladesh, along with predictions of temperature, humidity, solar energy, solar radiation, and conditions through machine learning algorithms. Summer 2025. [[Report](#)]
2. **Undergraduate CSE465 (Pattern Recognition and Neural Network) Course Project:** Tomato Leaf Disease Detection using CNN and Lime as XAI. Spring 2025. [[Report](#)] [[Repository](#)]
3. **Undergraduate CSE425 (Concepts of Programming Language) Course Project:** Bangla Programming Language, Compiler Design with ANTLR. Summer 2024. [[Report](#)] [[Repository](#)]
4. **Undergraduate CSE311 (Database Systems) Course Project:** Nationwide Centralized Hospitals & Patients Management System, with MySQL, and PHP. Summer 2023. [[Report](#)] [[Repository](#)]

Technical Skills

- **Quantum Tools:** Qiskit, PennyLane, IBM Quantum Runtime
- **Programming Language:** Python, C/C++, Java.
- **Machine Learning Tools:** PyTorch, Scikit-learn, Numpy, Pandas, LIME.
- **Version Control:** Git/GitHub.
- **Writing Tools:** LaTeX, Microsoft/Google Office Suite
- **Language:** English (Professional), Bangla (Native).

Selected Certifications

1. **Mahdy Research Academy:** Quantum Computing & Information. [[Certificate](#)]
2. **University of Colorado:** Applied Cryptography, Specialization. [[Certificate](#)]
3. **Duke University:** Explainable AI (XAI), Specialization [[Certificate](#)]
4. **KAIST:** Introduction to Quantum Information. [[Certificate](#)]

Honors & Awards

1. **Magna Cum Laude**, awarded by North South University. **Sep 2025**
2. **Merit-Based Scholarship for Academic Excellence**, North South University — progressively increased: 25% (Spring 2023) → 50% (Spring 2024) → 75% (Summer 2024) → 100% (Summer 2025, final semester) **Spring 2023 – Summer 2025**
